

Eclisse **TELESCOPIC** single

Telescopic Sliding Pocket Door System

Telescopic frame allows two door panels to go into the same wall giving the widest opening and light for the shortest wall space.

A synchronized system is also available and allows the two doors to slide into the frame smoothly and simultaneously.

Maximise the opening, reduce the wall space needed.

Available Accessories

Synchronisation

Open and close both doors with one smooth action, see page 41

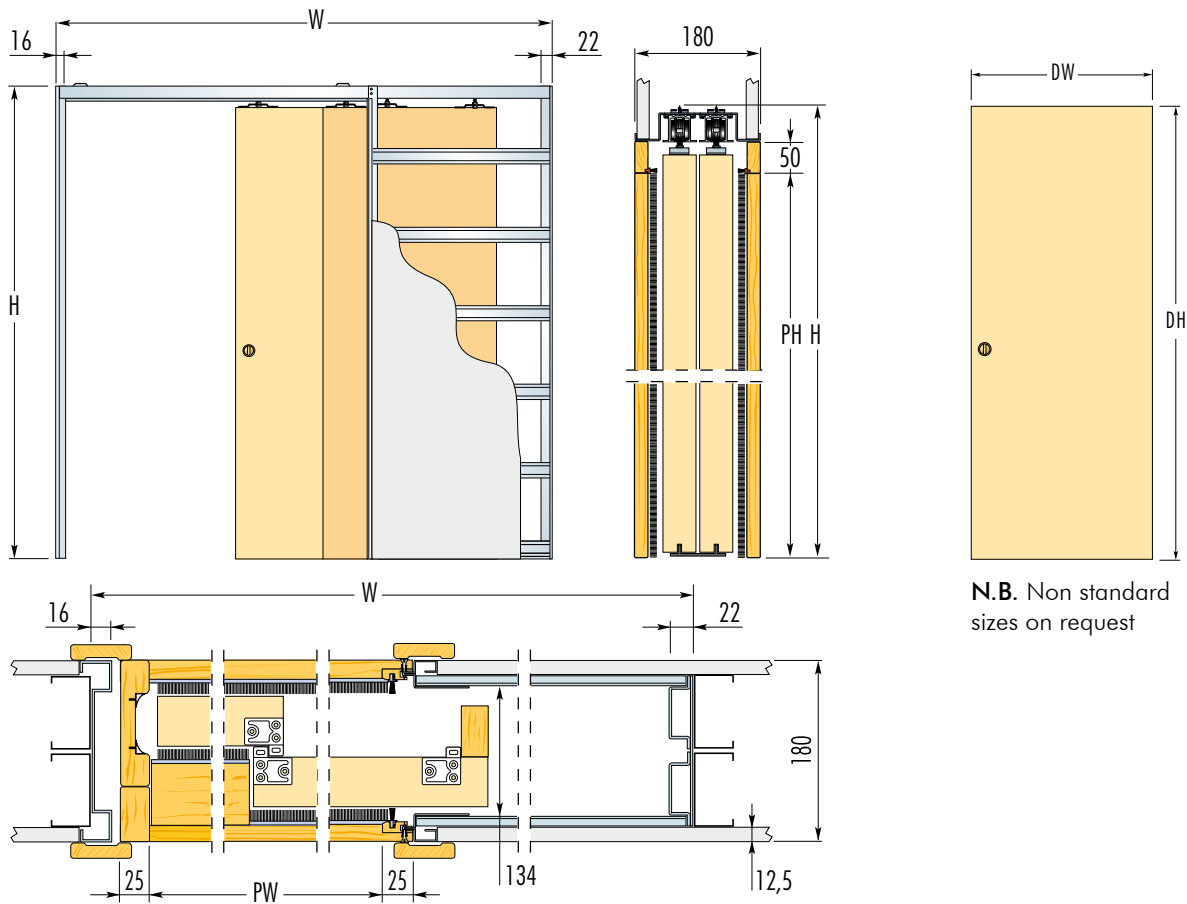

Door Furniture

Simple Flush Pulls and Bathroom furniture, see page 43

FRAME FOR TWO PARALLEL DOORS

finished wall thickness **180** mm
